Die FERNFH als Open Learning-Hochschule
Yes, we're open.

Martin Staudinger, 12.01.2024

Die Vision der FERNFH:

„Die Ferdinand
Porsche FERNFH
ist die erste
Adresse für Open
Learning“

2. Vision der FERNFH

Die Ferdinand Porsche FERNFH ist die erste Adresse für Open Learning.

Wir bieten flexible und innovative akademische Bildung für alle Menschen, welche ihr Wissen vertiefen / ihren (fachlichen) Horizont erweitern wollen, an.

Wir wollen „Studieren unter allen Umständen“ ermöglichen.

Wir verstehen uns als offenes Unternehmen, welches flexibel auf aktuelle Anforderungen (re)agiert und ermöglichen so, Menschen mit unterschiedlichstem Bildungshintergrund, Wissen zu erlangen und in ihren Berufsalltag zu integrieren. Als Spezialistin in der akademischen Fernlehre stehen bei uns die Studierenden wie auch die moderne und innovative Didaktik im Vordergrund.

Vor 15 Jahren war die FERNFH Vorreiterin im Blended Learning und hatte ein Alleinstellungsmerkmal am Markt. Nun, vorallem nach den Entwicklungen der vergangenen Jahre, sieht die Lage etwas anders aus und dennoch hat die FERNFH einen Vorsprung und kann auf ihre Erfahrung(en) aus den letzten Jahren vertrauen und diese weiterentwickeln.

Die Adjektive flexibel, selbstbestimmt und vernetzt gelten nicht nur für unsere Studierenden und die Studienprogramme, sondern auch für alle Mitarbeiter*innen der FERNFH.

Der Begriff Open Learning umfasst vieles und lässt auch Raum für Neues – denn wer weiß, wie und wohin sich die Bildung in den nächsten Jahren entwickeln wird? Der Begriff soll zum Darüber-Nachdenken, Weiter-und-Breiter-Denken anregen und über die Bezeichnung „Distance Learning“ hinausgehen.

Eine Offenheit in alle Richtungen – quasi einen 360°-Blick - ermöglichen.

Education Research About us Contact

We are the Open Universiteit

Academic education and research
The Open Universiteit is a non-traditional, public university with a special mission: to develop, innovate and provide open higher education.

Activating academic distance education
The Open Universiteit has a high-quality educational offering for those who cannot (or do not want to) study at another Dutch or Flemish university. For undergraduate education, there are no prior education requirements and the education is designed for part-time study. The educational model of the Open Universiteit stands for activating academic distance education, with much flexibility for students. The academic programs receive high appreciation from students and experts, for example in the annual national student survey.

Open University

An open door to your success!

Open University is a CSU system-wide program that allows anyone, on a space-available-basis, to take undergraduate and graduate classes without being formally admitted to California State University San Marcos. The program is available fall and spring semesters. **Registration** is easy and fees are the same regardless of whether you are a California resident, out-of-state resident, or an international visitor. Credits earned through Open University may be applied to degree work and transferred to other universities and colleges.

Taking courses through Open University allows you to:

- Enroll in classes if you've missed the CSUSM application deadline
- Examine a field of study before enrolling in a degree program
- Update your skills
- Attend classes on a non-continuous basis

In addition to our undergraduate curriculum, we offer select graduate courses across our graduate degree programs in the Arts, Health, Sciences, and Society, and Children, Childhood, and Education. Limited spaces in these courses are open to juniors and seniors with some prior experience in related areas of study at the undergraduate level. Interested students should email faculty instructors for additional information on these courses and/or to schedule an interview. Most graduate level courses are between 1 and 3 credits, although some are 5 credits.

Open University of Applied Sciences

The Open University of Applied Sciences offers a possibility to study something new and inspiring, enhance your professional know-how in working life and apply to a degree program via Open UAS path studies.

Welcome as a student in Metropolia's Open University of Applied Sciences!

Home > Academics > Open University of Applied Sciences

Study in a Pathway Programme - Qualify for Bachelor Studies!

[Home](#) > [Academics](#) > [Pathway studies](#)

The pathways help you build and develop the knowledge and qualifications to meet the Bachelor degree requirements. You will refine your English language skills and overall academic skills and learn the basics of your degree studies. Upon successful completion of the pathway, international students can apply to enter for Bachelor degree studies at Metropolia UAS.

The benefits of pathway studies:

- You develop study skills for academic studying.
- You build and develop the necessary academic language skills.
- You can improve your knowledge.
- Pathways are designed to meet the needs of international students.

OPEN UNIVERSITY OF APPLIED SCIENCES

Open University of Applied Sciences (Open UAS) studies consist of Lapland UAS' degree programme studies. Entire degrees cannot be completed at the open UAS. Open UAS offers both bachelor's and master's degree studies. Education is open to everyone interested, regardless of age or previous education. To start studying master's degree studies student also have to have an applicable degree from a higher education institution.

Studies in the Open UAS

- Offer students a possibility to develop their facts and skills needed in working life
- Offer an opportunity to study for those who are planning to get a UAS degree later. Open UAS studies doesn't directly entitle the student to get into one of the degree awarding programmes in the Lapland UAS but the credits collected from Open UAS studies can be attached to a degree.
- Offer an opportunity to develop yourself

What is required?

- Students have to have their own laptop
- Students have to be able to study in university level
- Student's English skills level might be tested

Foreign students may need a visa or a residence permit depending on their citizenship. Please note that studying in Open University of Applied Sciences does not entitle to visa or residence permit. For more information can be seen on the home pages of Finnish Directorate of Immigration at <http://www.migri.fi>.

Financial aid from the government is not granted for Open UAS studies because they do not lead to a degree. For this reason, Open UAS students are not eligible for students' social benefits.

Studies

Path Studies

PATH STUDIES

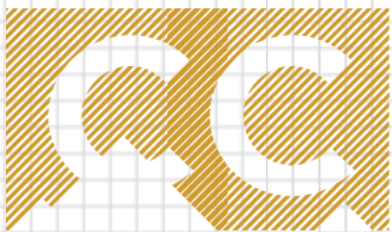

Lapland UAS's Open University of Applied Sciences (Open UAS) provides the opportunity to study towards a degree. Student doesn't need to be a degree student to start studies in Open UAS as a path studies student. Path studies consists of studies which are parts of education leading to a degree. In Lapland UAS's Open path studies are usually first academic year's studies in Bachelor's and Master's degrees.

Path studies can be found in [opiskeluhaaku - hakijan-tyopoyta - Liferay \(csc.fi\)](#)

When an Open UAS student has earned credits from study units that are included or otherwise suitable for a specific degree programme in UAS, the student may apply for a degree student. In Lapland UAS student can apply on the basis of open UAS studies once she/he has completed 60 credits of Bachelor's degree studies or 20 credits in 60 credits / 25 credits in 90 credits Master's degree studies suitable to the degree programme.

Prof. (FH) Dr. Martin Staudinger
Leiter des Kollegiums, Studiengangsleiter

COLORADO COLLEGE

The Block Plan

The Block Plan allows you to study what you want, how you want, in ways that you simply cannot at any other school.

The Block Plan in Summary: CC professor Steven Hayward explains the Block Plan in just over 60 seconds.

Want to study limestone and shale formations in the Rocky Mountain region? **Grab your tent**, your professor is taking your class on a week-long camping trip in the mountains. Want to learn about political strategy in international relations?

The Block Basics

- A block lasts for three and a half weeks, beginning on a Monday and ending on the following fourth Wednesday.
- One block is equal to one class on the semester plan.
- Four blocks per semester; eight blocks per year, plus optional Half Block in the winter and Summer Session during the summer.
- Class typically meets 9 a.m. - 12 p.m., Monday through Friday, with additional class sessions for studio, labs, discussions, field trips in the afternoons. Professors have the flexibility to schedule classes in format and timing for optimal learning.

Build Your Block Plan

Build Your Block Plan is a fun exercise for the purpose of

Build Your Block Plan

Start Over

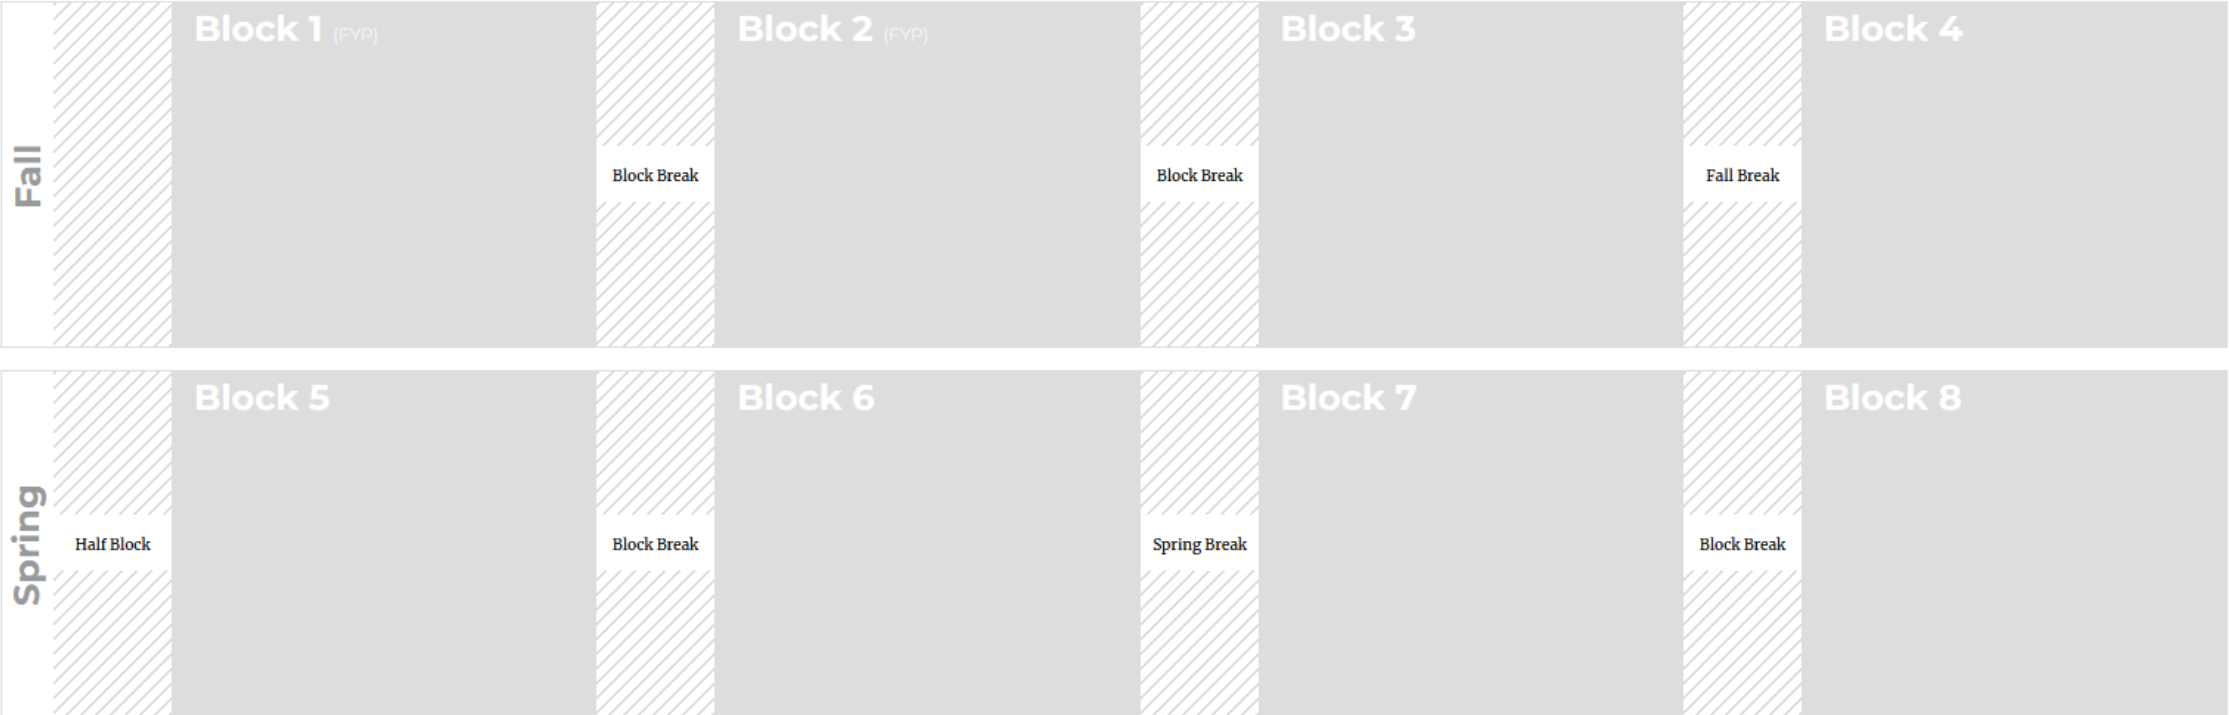

Welcome! You will be building a mock schedule for your first year on the Block Plan. Begin by selecting a First-Year Program (FYP) course. After choosing your FYP course, you will repeat the process for the following six blocks. Ready to get started?
